## PROFILE

Passionate Full Stack Developer who enjoys delving into every aspect of website creation. Enjoys hands-on learning, tackling new challenges, and applying problem-solving skills directly, which makes me a valuable asset for driving successful real-world projects.

## EDUCATION

**BE CSE, SRM Easwari Engineering College, Chennai**  
2020 — 2024  
CGPA : 8.97

**12th, Padma Seshadri Bala Bhavan Senior Secondary School, Chennai**  
Percentage : 84%

**10th, Padma Seshadri Bala Bhavan Senior Secondary School, Chennai**  
Percentage : 88%

## INTERNSHIPS

**Project Intern on Full Stack Development at VisAI Labs, Chennai**  
August 2022 — October 2022  
Developed a web-cli using React.js, MUI and Express.js for their dimensioning tool (vMeasure). Additionally worked on a dashboard module that dynamically displays the specification of sensors present in a room.

**Front-end Web Development at Emploihub**  
May 2022 — June 2022  
Developed a responsive employment website, completely using Bootstrap framework.

**Front-end Web Development at Exposys Data Labs**  
October 2021 — November 2021  
Developed a numpad-controlled browser game using HTML, CSS, and JavaScript.

## PROJECTS

**Vatta Vettattam | React.js, Node.js, Websockets, Java (Group)**  
A strategic browser game similar to chess, developed using React.js that uses websockets for communicating the game moves between Android apps that serve as the game's controller.

**dxi-chat | HTML, CSS, JavaScript**  
Published an npm Library to create a chatBot interface on a Website. It includes the creation of a personalized chatBot website that makes use of this library.

**Emploihub | HTML, Bootstrap**  
Employment Website built using Bootstrap framework.

**Alien Invasion | HTML, CSS, JavaScript**  
Developed a numpad-controlled browser game played on a 3\*3 grid similar to the numpad in a keyboard.
